International Adaptor "Travel-Star" for the correct connection worldwide.

- Where ever you travel - your TRAVEL-STAR provides the safe connection for your grounding appliances with Euro and 2-Pin class II plugs in foreign countries.
- The use of the TRAVEL-STAR is easy and safe:
 - Rotate the selection mark of the plug to mark for the required plug.
 - Connect the plug of the desired appliance to the TRAVEL-STAR.
- All other pins not required are disconnected from the power.
- Maximum 16 Amps / 250 Volts.
- The TRAVEL-STAR is not a transformer nor a frequency converter.
- The listed plu types represent the official user-table of the plugs which are primarily in use. However there are countries which use special plugs which are not covered by the TRAVEL-STAR.
- TRAVEL-STAR comes with a practical carrying bag (Also good for advertising Logos - ask us).

Internationaler Reisestecker "Travel-Star" für den richtigen Anschluß weltweit

- Wohin Sie auch reisen - Ihr TRAVEL-STAR sorgt für sicheren Anschluß Ihrer schutzisolierten Geräte der Schutzklasse II (ohne Schutzkontakt) mit Euro- und Konturenstecker nach DIN VDE in fremden Ländern.*
- Die Handhabung des TRAVEL-STAR ist einfach und sicher: - Pfeilmarkierung der Steckdose auf Pfeilmarkierung des benötigten Steckers drehen. - Stecker des jeweiligen Elektrogerätes in TRAVEL-STAR-Steckdose einstecken.*
- Die nicht benötigten Steckerstifte sind spannungsfrei !*
- Belastbarkeit: Maximal 16 Amp. / 250 Volt*
- TRAVEL-STAR ist kein Transformator oder Frequenzumformer.*
- Angegebene Stecksysteme entsprechen offizieller Nutzungstabelle nach überwiegendem Vorkommen. Ferner gibt es in einzelnen Ländern spezielle Stecksysteme die vom TRAVEL-STAR nicht abgedeckt werden.*
- TRAVEL-STAR wird mit praktischem Reisebeutel geliefert (individuell als Werbemittel bedruckbar, bitte anfragen).*
